

## Free placements in Sweden for European citizens during 2024

### Placement 1, dairy:

April-October

For 1 guy. Small dairy farm with 28 dairy cows, 50 young animals and calves, some hens, and horses.

Milk system: Loose housing with tied up milking. 73 ha of land, 35 ha pasture.

The trainee will live in a separate house, cook their own food. no smoking allowed.

Tasks: taking care of animals, crops, land and buildings

Lovely couple who runs the farm, have housed trainees from Europe before.

**Placement 2, dairy:**

During summer, flexibel

For 2 trainees. Dairy farm with 120 dairy cows, calves and recruit animals 180, 15 sheep and 2 dogs(for hunting)

Milk system: Robot milking, 2 DeLaval. 300 ha of land, 120 ha pasture

Trainees will live in separate house/apartment together, cook their own food. They will have access to bike and car for trips when their have their days-off.

Tasks: Taking care of the animals and buildings, fencing, look after animals outside, work on the fields with tractor (depending on experience)

Young couple who runs a family farm in the 6:e generation. Have hosted European trainees before.

**Placement 3 and 4 slaughter pig/laying hens:**

June-October

For 2 guys, friends. They will live together at one farm but work at different ones. The farms are located about 5 km from each other.

Pig farm with room for 1700 pigs for slaughter. 520 ha of land

Trainees will live at this farm in their own house

Tasks: Taking care of the pigs in the morning, work on the fields, driving machinery etc rest of the day  
Family farm, very friendly.

Farm with laying hens, 40 000. 340 ha of land.

Tasks: Taking care of the animals + field work

Lovely environment and cities nearby with a lot of activities during summertime.

Have hosted European trainees before.

Pig farm, where the living is:

Farm with laying hens:

**Placement 5, pig:**

April-August (can be April-June, June-August for different trainees)

1 guy. Pig farm with 750 sows, partly integrated, room for 3000 slaughter pigs. Integrated herd with different box system.

Trainee will live in their own house at the farm.

Main tasks: Taking care of pigs (daily routine), clean animal boxes, some feeding, move pigs. Some tractor driving and field work.

**Placement 6, tourism/forest/beef/sheep:**

4-6 months during spring-summer-autumn, flexible

1 girl. Live at the family farm (in the hose or in a smaller cottage) and eat together with the family. A farm with both beef cattle, sheep, 100 ha forest, 22 ha arable land, 38 ha pasture. Cottage for rent for tourist.

Main tasks: Taking care of animals in the pasture, planting forest, gardening, and work with the tourist (cleaning houses etc)

A big family who all lives together at the farm with beautiful views.
